Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 09 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Some rain in the south, colder with wintry showers elsewhere.

This Evening and Tonight:
Southern areas rather cloudy with some rain in places, with some showers across central England, possibly wintry in places. Elsewhere, clear periods with a widespread frost, but also snow showers in northern Scotland and parts of Northern Ireland.

Saturday:
Rain becoming more extensive across south-east England, clearing through the evening. Otherwise a mix of sunny spells and scattered wintry showers, these most frequent in the north.

Outlook for Sunday to Tuesday:
Cold with sunny spells and wintry showers Sunday. Thereafter, cloudy in the north with rain or showers at times. Mostly dry in the south with sunny spells. Turning less cold.
